Hello Clevest CAB,

Hope you're all keeping well.

As we mentioned at our Vancouver meeting last month, some of the things we're working on for our upcoming releases include updates to the Scheduling Timeline Panel (also known as the "Gantt") and the Shifts panel in WorkSpace.

We're hoping we could speak with some of your dispatchers for an hour or so (via an online screen-share meeting) to review the proposed changes and get their feedback on how they think the features should behave.

If they'd be open to a conversation, please email back with their contact info and we'll reach out to them directly.

Thanks everyone.

Cheers,
Geoff
